

LOOKING FOR NEW CHALLENGE

CARETAKER / MANAGERS

Barb and Norm after nearly six happy and successful years at Little Garden Bar are moving on and would like any guesthouse owners to know that we are available to help you run your business and let you have that well-earned holiday. We would be happy to consider any genuine offer anywhere on the planet. Our record speaks for itself. We are absolutely honest, reliable and professional in our work ethic, conversant in English, French, German and a little Spanish. We would also like to inform potential employers that we are ready to commit our services to you if you have a full time employment opportunity for a management caretaker couple who will give you 100% plus.
